

S350 - Body Sleeve and Safety Tape Application Machine

The S350 is a high-speed shrink sleeve and tamper band applicator designed for large-diameter bottles.

Engineered for efficient, reliable, and continuous production, the machine features advanced servo control technology, fast product changeovers, and integrated automation systems for stable and accurate operation.

Features

- Designed for large-diameter bottle applications
- High-speed and reliable production performance
- CE-compliant machine design
- Servo-controlled knife and sleeve feeding system
- Touchscreen control panel
- User-friendly software interface
- Mobile chassis for easy transportation and line integration
- Compatible with different bottle formats using interchangeable change parts
- Fast product changeovers
- Recipe management system
- Automatic film tension control system
- AC motor-driven machine head height adjustment
- Automatic sleeve tracking sensor
- Automatic machine stop when the label reel is depleted
- Independent dual-reel feeding system for uninterrupted production during reel changes
- Production speed varies depending on packaging dimensions and label length
- Integrated spiral bottle spacing system
- Integrated label positioning system

Technical Specifications

Dimensions (L × W × H)	1300 × 1200 × 2700 mm
Weight	320 kg
Power Supply	3 Phase / 380 V / 50-60 Hz
Installed Power	2,49 kW
Production Capacity	Up to 600 bpm*
Label Cut Length	30 mm - 280 mm
Label Width	50 mm - 255 mm
Label Thickness	0,035 mm - 0,070 mm
Compatible Materials	OPS / PET / PVC
