

GZF Automatic Laminated Tube Filling and Sealing Machine

The series of machine is widely suitable for filling and sealing products packed by tubes in such industries as cosmetics, toothpaste, medicine, food, chemical industry, etc.

Parameter

Type	GZF
Power supply	380V/50HZ
Air supply	0.6-0.8Mpa
Air consumption	<0.6m ³ /mi
Filling volume	10-200ml
Volume precision	≤±1%
Productivity	30-80 pcs/min
Control system	PLC
Tube diameter	16-50mm
Dimension	1000×750×1500mm
Weight	260kg
Function	<p>This machine can automatically feeding tube, filling, sealing, print code, cutting and so on.</p> <p>It widely be used in cosmetic, foodstuff, cream product, and other industries. It adopt various PE/PET plastic material and so on.</p>
