

## *EPI Compact Label Applicators CORE Series*

Minimize cost, downtime and training with CORE Series labelers. Industrial grade components are cleverly engineered into a compact, durable platform to provide years of service. The menu driven touch-screen minimizes training, provides intuitive control as well as audible/visual status indication. Automatic calibration and open label paths, makes label size changes fast and easy. Available for wipe-on, blow on, and Tamp/Blow applications. All CORE Series labelers come with a 3-year limited warranty.
