

Automatic Double Sides Adhesive Sticker Labeling Machine SMT06

This Adhesive labeling machine used for food, medicine, cosmetics, electronics, hardware, auto parts, stationery, batteries, all kinds of bottles, and a variety of different specifications of the packaging products, automatic labeling machine work.

Features:

- Adopt mature technology PLC control system, operation is stable and high-speed;
- Using touch-screen man-machine interface operating system, simple and efficient;
- Upgraded disc label station design, also can suit for conical and flask bottle;
- Synchronization chain mechanism ensure labeling smooth and precise calibration;
- Advanced technology of pneumatic coding system, print the batch number and expiry date clearly;
- Transmission-type rolling bottle device, make sure label attached more firmly;
- Labeling transparent label without bubble and self-adhesive label without wrinkle;
- Butterfly designed station, machine's angle can be adjusted to adapt different kinds bottle's shape and size.

Application:

Function: Automatic double sides self adhesive labeling machine	
Suitable for: PET bottle/Glass bottle / Jar / Can	Bottle Diameter: 28~ 125mm
Label Materail: adhesive label / Sticker label	Max Capacity: 6000BPH
Application: Beverage Bottle / Water Bottle / PET can / Pop can / Plastic cup / Bottle cap	

Technical Data:

Model	SMT06
Max Capacity:	6000 Bottles/hour
Label length	10-250mm
Label height	20-100mm
Bottle diameter	Dia 28-125mm
Label material	Self adhesive label / Sticker label
Electrical power	0.5kw
Overall dimensions	2.2X1.0X1.4m
Weight	320kg
