

Body Label Sleeve Applicator LV-150

Auto Body Label Sleeve Applicator, LV-150 is designed with SUS frame to match production requirement of Foods & Pharmaceutical industries.

HMI + PLC control system are easy operation with many set of memories to help worker save minutes of adjustment.

Modularized machine body & assemblies for quick adjustment & parts change.

Features:

- Machine adopted durable SUS 304 cover with nice appearance.
- Modularized cutting unit for easy change.
- Machine adopted dual rolls loader with motorized winding design to save time for film replacing.
- Auto label supplying to keep high accurate label feeding.
- HMI + PLC control system are easy operation with many set of memories to help worker save minutes of adjustment.
- Machine is designed matching CE certificate, higher safe standard.

Specification:

- Power: 3Ø 220V 50/60HZ
- Machine Dimension: 1240 x 1140 x 2100 (m/m)
- Applicable Label Thickness: 0.035 - 0.07 (m/m)
- Applicable Label Lay Flat Width: 40 - 240mm
- Applicable Label Cut Length: 30 - 200mm
- Applicable Material: PVC, PET, OPS, PLA
- Applicable Products Shape: Round, Square, Oval & Others
- Max. Speed: 400 (Max. BPM.) Increase or decrease depending on the length of the label.
