

Liquid Bottle Capping Machines

Massively desired in lubricant, chemical, food product and pharmaceutical industries, these Liquid Bottle Capping Machines are extremely popular. Available in multiple capacities and speeds, these capping machines are manufactured as per the predefined industry standards. We carry out multiple tests on these machines to examine their flawlessness.

Features:

- Huge capacity
- Fast operation
- Sturdy in construction

Specifications:

- M/C output: 20 to 100 speed
- Bottle size: 100ml to 1liter bottle

Applications:

- Food Products
- Pharmaceuticals
- Lubricants
- Chemicals
