

Mineral Water Bottle Filling Packing Machine

Mineral water bottle filling packing machine mainly used in the water filling, the three functions of bottle washing, filling and capping are composed in one body of the machine, the whole process is automatic. The machine is used to filling mineral juice, mineral water, pure water, etc. The output and benefit of the machine is higher than the machines of the same specifications the advanced OMRN, programmed controller (PLC) is adapted to control the machine runs automatically, the air conveyor system is adopted in bottle entry adjust speed and coordinated with transducer of the main machine to make output of moving bottle forward steadily and reliably it is convenient to operate with higher automation due t every parts of the machine which is inspected to run with photo electrical detector the machine is ideal-preferred equipment for beverage makers

Characteristic:

1. The material is SUS304 stainless steel
2. The machine include: Beverage Processing System/Water Treatment System, Bottle Blow Molding Machine, Bottle Unscrambler, washing, filling, capping Machine, OPP Labeling Machine, PVC Shrink Labeling Machine, Wrap Around Case Packer, Shrink Wrapping Machine
3. It has intuitive and convenient operation, measuring accurate, positioning precision
4. Fully in accordance with the GMP standard production and passed CE certification

Model	MWFC16/12/6	MWFC18/18/6	MWFC24/24/8
Rinsing Head	16	18	24
Filling Head	12	18	24
Capping Head	6	6	8
Suitable bottle size	H:150-300mm	H:150-340mm; D:Φ50-110mm;	
Power	2.5KW	3.5KW	4.5KW
Weight	2500KG	3000KG	4000KG
Packing Size	2200×1800×2300	2300×2000×2300	3000×2200×2800
(L*W*H)(mm)			
Power	2.5KW	3.5KW	4.5KW

Model	MWFC32/32/10	MWFC40/40/12	MWFC50/50/15
Rinsing Head	32	40	50
Filling Head	32	40	50
Capping Head	10	12	15
Suitable bottle size	H:150-340mm; D:Φ50-110mm;		
Power	5.6KW	6.3KW	7.5KW
Weight	5000KG	6000KG	7500KG
Packing Size	4000×2600×2800	4700×2950×2800	5100×4800×3000
(L*W*H)(mm)			
Power	5.6KW	6.3KW	7.5KW
