

KV-100NS-PA Pyramid Nylon Tea/Coffee Bag Packing Machine

KV-100NS-PA series packaging machinery, specially design for pyramid/rectangular tea bag packing, it is widely applied to different kind of herbal tea, loose tea leaves, flower tea, fruit tea and blending tea, such as green tea, black tea, dendranthema morifolium, rose, oolong tea.

Features

- Advanced electronic scales automatic weighing feeding system & ultrasonic sealing and cutting technology.
- Electronic scales filling system with PLC and touch screen for easy operation.
- Operating flexibility through optional adjustment of technical parameters.
- Working capacity can reach to 3000 bags/h (determined by the material).

Application & Bag Type

Application: suitable for all kinds of scented tea. Such as green tea, black tea, oolong tea, Earl tea, etc.

Bag Type: triangle tea bag, flat bag, back sealing bag, three sides sealing bag.

Technical Parameters

Model	KV-100NS-PA
Packing Speed	30-50bags/min
Filling Range	2~15g(determined by tea materials)
Filling System	4 or 6 vibrator Scales
Bag Size	Length: 50-52mm Height: 68-70mm
Bag Type	Pyramid/Rectangular(Transfer through one button)
Sealing Type	Ultrasonic Sealing
Power	220V, 50/60Hz, 2.2kW
Machine Size	1300×1250×2400mm
