

## *BPM-10 Automatic Tea Weighing And Packing Machine*

### **Application:**

It is suitable for tea bag products packing, such as Chinese local tea leaves, coffee, medicinal tea, herbal tea, flower tea and health care tea, etc.

### **Features**

1. The machine can automatically complete the products measuring, conveying and feeding, filling and bag forming, date code printing, bag sealing and cutting.
2. Motor-driven film wheel pulling system.
3. High sensitive fiber-optic photo sensor can automatically trace color marks accurately.
4. PLC control system combined with a touch screen, can easily set can change the packing parameters. Daily production output and self-diagnostic machine error can be viewed directly from the screen.
5. PID temperature controller monitors heat sealing temperature within +/- 1°C
6. Automatic edge position control assures consistent film alignment during production to produce uniform bag quality.

### **Performance:**

<b>Model</b>	<b>BPM-10</b>
Packing speed	40-60 bags/min
Feeding range	3-15ml
Bag size	(L)50-75mm (W)55-75mm
Packing material	Filter paper, Thread
Power	1.6KW
Total power	220V/50HZ
Net weight	300kg
Overall dimensions	(L)640*(W)750 *(H)1700mm
