

## ***Link-50C Multifunctional Stainless Steel Box Sealing Machine***

Link-50C automatic folding cover and sealing machine is driven by belts on both sides. It adopts sticky tape to seal, and automatically folds and seals the upper and lower boxes. It is fast and stable, and the sealing effect is smooth, standardized and beautiful. The width and High, simple, fast, convenient, can replace labor, improve production efficiency by up to 80%, save 510% of consumables, is a good choice for enterprises to save costs, improve production efficiency, and achieve packaging standardization. This carton sealing machine is also called automatic folding and sealing machine, which can be adjusted manually according to the size of the carton.

### **Features of carton sealing machine:**

- .Manufactured with international advanced technology, and selected imported parts and electrical components;
  - .It can be used with automatic balers of different brands;
  - .Standard machine table height is 450mm/750mm;
  - .When changing the size of the carton, manually adjust the width and height;
  - .Automatically fold the upper cover, and seal the upper and lower boxes at one time;
  - .Equipped with blade guard. Avoid accidental stabbing during operation;
  - .It can be combined with Link-50G corner sealing machine to complete the I-shaped sealing.
- It can be customized, can be operated on a stand-alone machine, or can be used in conjunction with an automated packaging line. It is the choice for enterprises to save costs, improve production efficiency, and achieve packaging standardization.

## Application range of sealing machine:

Relying on the above advantages, the automatic folding cover and sealing machine is widely used in food, medicine, beverage, tobacco, daily chemical, hardware, toys, electronics and other industries at home and abroad.

## Technical Parameters:

Model	Link-50C
Applicable to the power supply	220V/50Hz / 0.2KW
Work pressure	4-6 kg /cm <sup>2</sup>
Minimum packing size	L 200 * W 120 * H 120mm
Maximum packing size	L 600 * W 500 * H 500mm
Mesa height	H 600mm-650mm
The belt speed	20 m/min
Packing tape	BOPP/PVC
Tape size	W48, 58, 72mm
Installation dimensions	L 1700 * W 930 * 1510mm
The net weight	180Kg
