

HZPK TFM-120Y Automatic Tabletop 4 Heads Liquid Filling Machine

Tabletop 4 heads liquid filling machine is mainly used for filling liquid. Such as beverages, detergents, oils and so on.

It is widely use for foodstuff chemical and medicine filed etc. We can accord to customer's requirements to design the filling volume.

Features:

1. Can customize products according to customer bottle samples.
2. Easy to adjust filling volume with PLC and touch screen automation control system.
4. The whole body is made of 304 stainless steel, compact structure, and beautiful appearance, with stable and reliable performance, easy maintenance.
5. Filling accuracy, adaptability.
6. It complies with CE certification.

This machine is a standard model, if you need to customize, please contact sales.

Technical Parameters:

Model	TGY1000-4D
Voltage	AC220/110V 50-60Hz
Air Pressure	0.6-0.8MPa
Filling Speed	1000-1500BPH
Filling Accuracy	±1%
Machine Size	1200*500*500mm
Required Air Compressor	≥7.5kw 200L
