

Automatic Paste Packaging Machine DXDG-20II

We manufacture wide range of Automatic Liquid Packing Machine that is widely used for safe packing of liquids. These also find application for packing of mineral water, milk, lubricants, vegetable oil among many other liquids and fluids.

Our Liquid Packing Machine is manufactured using high grade stainless steel, well known for its noiseless operation and negligible maintenance. Moreover, we provide customization as per the specific requirement of the clients in order to meet their needs.

The Machine operate on the principle of Volumetric syringe systems with a provision of volume adjustment. This machine can be packed liquid items such as Shampoo, Tomato Ketchup, 2T Oil, Syrup Hair Oil etc.

Parameter:

Model	DXDG-20II
Voltage (V/HZ)	AC 220/50 110/60
Power (W)	1700
Packing Capacity (ml)	10-50
Capacity (bags/min)	40-70
Length of Bag (mm)	80-150
Width of Bag (mm)	30-110
External Dimensions (L×W×H) (mm)	790×600×1780
Net Weight (kg)	350
