

## Reciprocating Type Horizontal Packaging Machine DXDZ-350W/450W/630W

DXDZ-W Pillow Pack Machine automatic bearing packing machine pillow packing machine flow wrapper Pillow packing machine is a kind of ability is very strong, and can be suitable for a variety of specifications for food and non-food packaging of continuous type packing machine. It not only can be used without trademark packaging, packaging materials and to be able to use a trademark in advance design of drum materials for high speed packing. In packaging production, due to the positioning color code printed on the packaging material between error and stretching of packaging materials and mechanical transmission, the influence of such factors as scheduled on packaging materials of sealing and cutting parts may deviate from the correct position, and produce error.
