

## *MT-200 Automatic Round Bottle Labeling Machine*

### **Feature**

1. PLC control with large-scale human-machine interface, easy to read, easy to read, beautiful.
2. Multiple sets of labeling parameters memory for fast replacement of products.
3. Automatic labeling machine made with stainless steel and anodized aluminum is made of high-level, meet the GMP standard.
4. Automatic labeling machine features a bottle guide is, sub-bottle, and label lost level, counting among others.
5. Labeling position, height, adjustable.
6. Conveyor belt on the production line can be connected.

### **Technical Parameter:**

Model	MT-200
Voltage	AC110V/220V 50/60Hz
Power	500W
Labeling speed	30-150 pcs/min
Precision	±1mm
Label roll diameter	76-200mm
Bottle diameter	20-100 mm
Bottle height	30-300 mm
Label size	height : 10-140mm, length : 20-200mm
Machine size	L2000 x W1100 x H1350 mm
Machine weight	150 kg
