

HC-180SPZ/240SPZ Horizontal Top Spout Doypack Packing Machine

This machine can realize the packaging needs of straight nozzle bags, and can also add hanging holes, special shapes, zippers, nozzles and other functions, realizing automatic bagging, automatic filling, automatic nozzle addition, automatic nozzle welding, and automatic sealing. It is used in the packaging of salt, lubricating oil, beverages, juice, yogurt, sauces, edible oil, and cleaning series.

Technical Parameters:

Model	HC-180SPZ	HC-240SPZ
Type of Pouch	Top Spouted Stand Pouch	
Min. Pouch size	70×100mm	120×130mm
Max. Pouch size	180×250mm	240×320mm
Packing speed	<50 Pouch per min	
Packing Range	max 1000ml	max 2000ml
Packing Station	2	2
Power	10kw	12.5kw
Volt	380V 3P 50Hz	
Air Consumption	400L/min	500L/min
Air Pressure	0.7MPa	0.8MPa
Machine Weight	3000kg	3500kg
Machine Dimension	7500×1500×2000mm	8700*1450*2000mm
