

DFQA450+DSA4525 Semi Automatic L Sealer Shrink Tunnel

The semi automatic L sealer shrink tunnel is suitable for shrink films such as PVC, POF, etc. It is widely used in food, beverage, medicine, cosmetics, toys, hardware and other industries.

Products features

1. Sealing cutting shrinking can complete in one time, save energy, easy operation and beautiful packing result.
2. The Semi Automatic L Sealer Shrink Tunnel is high configuration, high cost performance, good quality, long service life.
3. High efficiency, a big range of application in the packing filed.

Technical parameters

Model	DFQA450 L sealer
Voltage	220V 50-60HZ
Power	1KW
Seal cut time	0-3 seconds
Max seal size	550*450mm
Max packing size	550*450mm
Speed	500pcs/Hour
Machine size	1600*700*1170mm
Weight	126kg

Model	DSA4525 shrink tunnel
voltage	220/380V /50-60HZ
Power	9KW
Convey speed	0-10m/min
Shrink tunnel	1000*450*250mm
Max loading	5kg
Suitable film	POF,PVC
Machine size	1260*670*1300mm
Weight	100kg
