

SH-FS05 Automatic Servo Gear Pump Stick Sachet Energy Gel Hair Serum Paste Pouch Filling Sealing Packaging Machine

Main Feature

- ▶ This machine is designed for packaging stick sachet with side sealing, other sealing method can be customized according to your needs.
- ▶ Filling is controlled by servo gear pump, it has high filling accuracy. Suitable for packaging energy gel, hair serum, etc.
- ▶ This machine is suitable for PET/VMPET/PE/PA/AL packaging film.

Parameter

- Machine voltage: 110/220V 50-60HZ 3KW
- Metering method: Gear pump
- Packaging form: Side sealing (can be customized)
- Package film material: PET/VMPET/PE/PA/AL(80-120 μ m)
- Max roll film width: 130mm
- Dosage range: 5-30 ml/10-50ml (Customizable)
- Hopper size: 30 L
- Bag size: length 50-160 mm; width 30-50 mm(Customizable)
- Sealing width: 8-12mm
- Packaging speed: 35-45 bags/minute (depending on the actual material)
- Air consumption: 0.8m³/min 0.6MPa
- Machine: L 1090*W 1660*H 2070 mm
