PM-205, 207A Semi-Auto Overwrapping Machine (Servo-Motor Type)

Manual type PM-205A + Auto folding and sealing type PM-207A, PM-205A can be run alone.

This model is combined with "manual cellophane machine (PM-205A)" and "automatic angle banding machine (PM-207A)", which is suitable for sample proof packaging and is also suitable for normal packaging production.

Features

►For sample making: Use PM-205A without any change mold for size changeover and packing.
►For production: PM-205A + PM-207A to raise packing speed.
►Running with BOPP (OPP) cellophane films, friendly for Environment and saving material costs.

Applications

Suitable for outer over wrapping of CD/DVD box, playing card, cigarette box, chocolate box, candy box, biscuit etc. Suitable for sample box packing and production process.

Specification
