

## **CM-B2000 Labeling machine**

Labeling machines are applied to various operations such as sticking a label on plane, post surface, single side or multi-sides of a package, sticking labels covering part or all of the surface of a cylinder, or sticking on sunken locations and at edges or corners.

We can offer simple and economical solutions in China according to your requirements.

Can pack the front and back of the thing to glue two labels at the same time in flat surface or ovals.

### **Technical Parameters:**

<b>Model</b>	<b>CM-B2000</b>
Power supply	1P 220V 50/60Hz 600W
Applied material	Undried glue lable
