

Automatic seal and shrink packing machine GPL-5545C+GPS-5030

Product Details:

Adopt the newest Vertical Side Sealing Driving system on the machine, sensor detective and cut off the film automatically. The packing speed reaches 60pieces per minute; it can pack different sizes of products, including the irregular products.

Equipped with PLC control system and safety protecting and alarm devices

- Constant sealing with no need of changing .Easy to operate and maintain.
- The length of shrink film is automatically adjusted by the electric yes and control timer.
- The added horizontal and vertical electric eyes provide options for switch over. It's suitable for sealing thin and small products.
- Imported parts are adopted to ensure the machine's stable running with high speed.
- With the design of side sealing, the packing length of products is unlimited.
- The ceiling height can be adjusted based on the product height.
- Widely used in all kinds of products with different sizes and shapes
- The machine is applicable to industries like food, gift, hardware, daily necessities, pharmacy, printing, etc.

Model	GPL-5545C	GPS-5030
Power supply	220V, 1, 50-60Hz	380V, 3, 50-60Hz
Power	3kw	16kw
Packing size	L+H=∞ x W+H≤450mm(H≤150mm)	L1200×W450×H250mm
Product W+H /tunnel size	W520mm	L1500×W500×H300mm
Packing speed	20-60pcs/min	20-60pcs/min
Air compressing	5.5kg/cm ³	/
Max current	10A	32A
Net weight	800kg	650kg
Machine dimension	L2050×W1580×H1740mm	L2000×W1100×H1250mm
