

## BS-400LA+BMD-450C Automatic Heat Shrink Packing Machine

- Application scope: pharmacy, food, stationery, cosmetic, electronics products, toy, etc
- Full closed type packaging.
- Automatic delivering film, bag-making, sealing and cutting, admission waste, leveling, shrinking, wrapping end products, finishing in one time.
- Constant temperature style special grade aluminum alloy sealing and cutting knife, resist sticky, seal line is thin, not coking, not smoking, not pollution,
- The cutter will automatically rebound after cut packing material.
- The size of packing material can be adjusted at will. do without change pattern
- All conveyer belts are covered by Teflon insulation pipe, not hot, not damage film,
- Shrinking room adopts double circulation hot wind system, temperature can be adjusted at will.
- Deliver motor adopts infinitely variable speed motor, long service life, low noise.

### TECHNICAL SPECIFICATIONS

Model	BMD-450C	BS-400LA
Voltage	380V 50HZ	220V 50HZ
Power	7Kw	1.35Kw
Max Speed	10m/min	15-30Bags/min
Max Packing Dimension	450×320mm	560×400×125mm
Overall Dimension	1600×650×1260mm	1450×730×1360mm
Barometric Pressure	/	0.5Mpa
Weight	160kg	300kg
Main Material	Carbon steel
