

## *KS-T80 Automated Packing Machine for Tea Bag with Handing Line*

Automatic Tea Bag Packing Machine KS-T80 is the latest heat-sealing and multi-functional packing machine, which is featured at one-time packing of the inner and outer bag, and effectively avoiding hands in direct contact with stuff materials, and its high efficiency in packing 1800 to 3600 bags per hour.

The inner bag made from filter cotton paper which can be automatically packed with thread and label, and the outer bag made from composite paper, bring great advantages in photoelectric positioning for labeling and outer bag, and that the packing capacity, inner bag, outer bag and label can be adjusted arbitrarily.

The dimension of both inner and outer bag can be adjusted according to the need that to achieve the perfect shape, and upgrade the appearance adapt add the value for final product,

### **Applicable Packaging Material:**

Filter cotton tissue, cotton thread, tag board, aluminum-foil

Notice: This machine should be operated under

### **Application**

This machine is suitable for both outer bag and inner bag packaging of small grain-like materials, such as tea, medicinal tea and healthy teas, and instant drinks like coffee.

## Technology parameters

Filling arrange :	1-5g
Packing Speed:	30-40bag
Tag Size:	W:40-55mm, L:20-24mm
Thread length:	155mm
Inner bag:	L:30-70mm, W:30-80mm
Outer bag:	L:60-120mm, W:50-90mm
Total power:	220v/50HZ/3.7kw
Dimesion:	900x650x1700mm
Machine Weight:	500KG
