

Scratch Card Labeling Machine

The Scratch Card Labeling Machine is equipped with advanced process, which has longer service life for use and there is no special need of maintaining. Due to the high and reliable performance, it can be an ideal facility used for labeling after carton sorting, simple adjustment, with wide application range. All accessories, including base cabinets, conveyor belts are made of stainless steel and aluminum profiles. Compared with ordinary product on the market, it is also available of high speed operation.

Due to the excellent polymer strip, it is wear-resistant, beautiful and smooth. The Scratch Card Labeling Machine can be used for water, beverages, food, daily necessities, pharmacy, etc. The container provided with the scratch card labeling machine is transported in seaworthy vessels, which is really suitable for export packaging.

Product specification:

Producing speed	30m/min
Labeling accuracy	±1.5mm
Label max width	130mm
Label max length	300mm
Label inner diameter	φ76mm
Label outer diameter	Φ280mm
Machine size (LxWxH)	2500x100x1600 mm
Machine power	220V 50Hz 1000W
