

## *Automatic Spice Chili Powder Packinng Machine TJ-150F*

The advanced design of the Low Price Washing Powder Packing Machine ensures that the machine is suitable for adjustment, operation and maintenance in different industries. It can be used together with various automatic metering equipment at home and abroad.

### **The main purpose of Automatic Spice Chili Powder Packinng Machine**

The Automatic Spice Chili Powder Packinng Machine can be used for automatic packaging of various spices and powdered articles such as peppers, and the processes of forming, bag making, quantitative filling, ink printing, sealing and cutting, etc. are all carried out automatically, and the film is UV-sterilized before packaging, in line with food. Hygienic requirements.

The Automatic Spice Chili Powder Packinng Machine uses advanced PLC plus photoelectric control system, Chinese and English touch screen. It can automatically complete the processes of metering, bag making, filling, sealing, cutting, printing production date, and cutting and tearing. According to the type of material traits, the volume measuring cup, the multi-head electronic scale, the four-drum scale and other feeding devices can be used.

The Automatic Spice Chili Powder Packinng Machine can quickly change the screw attachment and clean the residual materials. It can be equipped with a dust suction device for large dust materials to reduce dust spillage. The machine can be used alone or in conjunction with other automatic packaging machines and line equipment.

**Technical Parameter:**

<b>Model</b>	<b>TJ-150F</b>
Packing range	5-100ml
Packing speed	30-60 bags/min
Making bag size	L50-150mm, W15-130mm
Packing accuracy	$\leq\pm 1\%$
Air Consumption	0.8Mpa,0.3m <sup>3</sup> /min
Power	1.6 KW
Seal Type	3/4 sides seal,pillow seal
Power supply	1 Ph,AC220V, 50/60Hz
Net Weight	250kg
Machine dimension	L800*W680*H1800mm
