

Linear Hot Glue Melt Labeling Machine

Linear OPP hot melt glue adhesive labeling machine is the newest continuous operation of the labeling machine. The mainly used for container labeling cylindrical shape of detergents, beverages, mineral water, food etc. The material of label are using environmentally material of OPP films. It can be automatically oxidative decomposition and reduce production costs by more than 30 percent. Labeling machine is control by PLC touch screen, all electric eye are using imported advanced configuration. This labeling machine with high speed, high accuracy, stable performance, easy to operate and look elegant appearance.

Technical Parameters:

Name	Opp Hot Melt Round Bottle Labeling Machine
Power supply	Three-phase 380V 50 Hz 8000W
Machine dimensions:	3000mm×2500mm(can be adjusted by customer requirements)
Method of speed adjust	8000 BPH 500 bottle and 750 ml bottle
Max speed of labels feeding	maximum speed of 100 meters labels / min
Labeling precision:	±1mm
Maximum label width:	200mm(standard width, can be adjusted)
The maximum outer diameter	600mm
Paper core Hot melt	152 mm
Labeling glue:	glue at both ends of each label with hot melt
