## ***YX-T80 Fully Automatic Small Tea Coffee Bags Packing Machine***

### **YX-T80 Fully Automatic Small Tea Coffee Bags Packing Machine characteristics:**

- Automatically finish all the process such as bag forming, materials filling, measuring weight, bag-forming, date-printing, lot number bag, cutting counting.
- English Language, screen control system, Set up the required data (include packing speed, weighing, bag size, etc) in the visible settings, the control system automatic optimization match with all the program so that achieve the best packing speed precisely.
- Stepper motor, this system has the advantage of precise, needless to adjust the other parts, and acoup.
- Photocell eye, so you can get the whole trade mark design.
- Intelligent temperature control system. Suitable for kinds of bag materials and low noise good performance clear texture.
- Good packaging performances, low noise, clear sealing texture and strong sealing performance.

<b>YX-T80</b>	
Machine Material	Contact material parts is #304 or #316 or #316L stainless steel
Packing Speed	30-60 pcs/min
Accuracy	±2%, according to your exactly tea or other product gravity
Volume	1-50g (customized according to customer's materials&requirements)
Inner bag width *length	W : 50-80mm L : 50-80mm
Out bag width *length	W : 70-100mm L : 80-140mm
Tag size	W : 35-55mm L : 20-40mm
Thread length	155mm
Power	1150W
Voltage	110、220V、380V/50Hz
Dimension (L*W*H)	L1500×W800×H2000mm
Packing Material	Nylon, Polyester net nonwoven fabrics,. ultrasonic sealing materials
