

ADJ150 Semi-auto Ampoule Light Inspection Machine

ADJ150 Semi-auto Ampoule Light Inspection Machine is mainly suitable for pharmaceutical, biochemical and health food industries such as oral liquid preparations and water etc. finished products inspection.

The features on ADJ150 Semi-auto Ampoule Light Inspection Machine include automatic control system, manual inspection and automatic rejection.

Technical Parameters:

Model	ADJ150
Suitable ampoule size	2, 7, 10, 20ml
Operator	1
Max. capacity	150 ampoules/min
Operation mode	Continuous or intermittent (automatically)
Noise	≤60db
Inspection height	140mm ± 50mm
Power supply	220V; 50hz
Dimensions	2415x1135x1860mm
Weight	400Kg
