

## ***DFQC450+DSA4525 Semi Auto PE Film Shrink Packing Machine***

The semi auto PE film shrink packing machine is suitable for shrink films such as PVC, POF, etc. It is widely used in food, beverage, medicine, cosmetics, toys, hardware and other industries.

### **Products features**

1. The speed, air and temperature of the machine is adjustable
2. Easy operation, the machine can run with different sizes of object.
3. Advanced Heating Style.
4. Efficiency temperature increasing time saving energy.
5. Hot air circulation tunnel saving the wastage of heat.

### **Technical parameter**

<b>Model</b>	<b>DFQC450 L sealer</b>
Voltage	220V 50-60HZ
Power	1KW
Seal cut time	0-3 seconds
max suitable fim width	500mm
Max seal size	550*450mm
Max packing size	550*450mm
	W+2H<500MM
Speed	500 pcs/hour
Machine size	1600*700*1170mm
Weight	126kg

<b>Model</b>	<b>DSA4525 shrink tunnel</b>
voltage	220/380V /50-60HZ
Power	9KW
Convey speed	0-10m/min
Shrink tunnel	1000*450*250mm
Max loading	5kg
Suitable film	POF,PVC
Machine size	1260*670*1300mm
Weight	100kg
