

SED-80P1-F High Efficiency Liquid Blister Packaging Machine

Automatic Blister Paper Card Packing Machine can form blisters, filling (optional), sealing blisters to ready-made cards automatically.

It is flexible and has high packing capacity for large runs.

Blisters are the ideal form of packaging for consumer and industrial products. The perfect combination of complete product visibility on one side and printed information on the other side of the packaging helps consumers and users find what they are looking for quickly and easily.

Features

- 1) It adopts the newest type high-power transmission mechanism to arrange the chain and drive the main driving shaft. The errors and noises of other gear wheel transmission can be avoided.
- 2) Imported controlling system is adopted; also it can be equipped with detecting and rejection function device for number of medicines according to the user's requirement.
- 3) Imported controlling system is adopted; also it can be equipped with detecting and rejection function device for number of medicines according to the user's requirement.
- 4) Imported controlling system is adopted; also it can be equipped with detecting and rejection function device for number of medicines according to the user's requirement.
- 5) The machine is suitable for industries of foodstuff, medicine, medical instruments, hardware, electronics and etc for packing.

Main Parameter

Model	SED-80P1-F
Punch frequency	10-20times/min
Production capacity	2400plates/hour
Max. Forming area & Depth	105x70(standard depth $\leq$ 15mm), Max. Depth 25mm(As adjusted
Standard Stroke range	30-80mm(can be designed as per user's required)
Standard plate size	80x70mm (can be designed as per user's required)
Air pressure	0.4-0.6Mpa
Compressed air required	Air compressor $\geq$ 0.3m ³ /min
Total power supply	220V 50Hz 2.8Kw
Main motor	0.75Kw
PVC hard Film	0.15-0.5*110 (mm)
PTP Aluminum film	0.02-0.035*110 (mm)
Dialysis Paper	50-100g*110毫米(mm) 50-100g*110(mm)
Mould cooling	Tap water or Recycling water
Overall Dimension	1840x900x1300 (mm)(LxWxH)
Weight	Net 480kg Gross weight: 550kg
Noise index	<75dBA
