

SED-200SWB1-G High Efficiency Perfume Box Wrapping Machine

This machine is mainly suitable for pharmaceutical, food, health care products, cosmetics, audio-visual products, industry square appearance decoration items in a box, etc.

Such as PCS, chewing gum, health care products, tea, sugar, condoms, rubber, mosquito-repellent incense, C tape, VCD discs (CD), playing CARDS, transparent soap, square type battery, floppy disk, etc have the effect of the anti-counterfeiting, moisture, and improve the grade of products, increase product added value. This machine with cartoning machine joint production.

This machine 450 series sealing and cutting machine is a fully automatic and unmanned L - type sealing and cutting machine, widely used in batch production of packaging, with high working efficiency and automatic film feeding and punching

The device and the manually adjusted film guide system as well as the manually adjusted feeding and conveying platform are suitable for products of different sizes.

Feature

1. Compact structure and reasonable, stable performance is advanced, easy operation and maintenance;
2. Adopt multi-function digital frequency inverter, stepless variable speed;
3. Only 40 minutes mould replacement is convenient;
4. With automatic feeder, automatic counting, etc;
5. The transmission part is equipped with all kinds of protection devices and fault prompt;
6. Commissioning film feeding clutch, no waste of packing materials.
7. The whole set of machine really realizes the unmanned operation connection with the production line. Scope of application: It is suitable for large-scale shrink packaging in software, food, cosmetics, printing, pharmacy, flooring, ceramics, beverages, hardware and other industries.

8. The sealing knife is made of U.S. Dubonfurlong coated anti-sticking and high-temperature resistant aluminum alloy knife, and the sealing will not crack, coke, smoke and pollution.

Product Parameters

Item.No	SED-200SWB1-G
Capacity	30-60 boxes/min
Packaging materials	BOPP the gold thread smoke membrane and anti-counterfeiting
Packing size	L50-180mm W20-100mm H10-50mm
Machine size	2100×750×1550(mm)
Weight	650kgs
Power	4.5kw
Voltage	220V/(50Hz)
