

SLY4-50 Sachet Packaging Machine

Form, fill and seal liquid or paste in flat four-side-seal sachets. A single-track layout combines one dosing system with PLC and HMI operation.

What matters on the SLY4-50

Single-track production

One sachet track and one dosing system keep the machine configuration focused on a single packaging task.

Seal presentation

The current configuration supports four-side sealing, with seal texture and connected-bag requirements reviewed at quotation.

PLC and HMI operation

Machine settings are managed through the control interface. Confirm the recipe and changeover requirements for your product.

Specifications

Model	SLY4-50
Packing Speed	30–40 bags/min.
Max. Film Width	300 mm
Sachet Track	1 track
Dosing & Filling System	1 system
Power supply	AC 220 V/ 50 Hz (Custom-made available)
Power Load	2.7 kW
Machine Net Weight	260 kg
Machine Gross Weight	280 kg
Machine Dimension	700(L)×600(W)×1700 mm(H)
