

Automatic Multi-lines Special-shaped Stick Bag Packing machine DXD-320T

Applications:

This machine is suitable for mass production of pharmaceutical, food and chemical products. It could special customized packing granular/powder/sauce/liquid and different kinds of materials, such as granular type solid energy drinks, coffee, granulated sugar, health care products, instant drinks; Powder type tea powder, medicine powder; Liquid type syrup, condiment, honey, sauce etc.

Features:

- Use high precision film pulling system, automatic photo electricity tracked PID and digital thermostatic control etc. high technology.
- PLC+advanced touch screen, the machine is easy to operate and perfect structured which can increase productivity and reduce labor cost.
- Humanized round corner end design avoids to cause scratch, ensure the safety of consumers.

Parameters:

Model	DXD-320T
Max. width of film	900 mm
Lines and rows	4/6/8/12 lines
Capacity of per line	30 bags/min
Compressed air pressure	0.6 Mpa
Air consumption	2 m ³ /hour
Power	220V 50HZ
Weight	850 KGS
Dimension	1370x1700x2500 mm
