

HR1P-5 Fully Automatic Rotary Pre-Cutting Spraying Hot Melt Labeling Machine

This machine is fully automatic rotary pre-cutting spraying hot melt labeling machine. Used for mineral water, soft drink, seasoning, wine, cosmetics and so on. It has the advantages of using less glue, low consumption, sticking long label, high labeling accuracy and so on. Now, it is the best way to replace sleeve labeling machine and realize the purpose of environmental protection.

Main Parameters:

Model: HR1P-5

Way of gluing: pre-cutting

Main motor power: 3Kw/380v/50Hz

Rated capacity: 6000 bottles/hour

Compressed air flow: 0.06m³/min

Suitable for bottle type: ϕ 50-129, H=140-320

Dimensions: 2290*1930*2150(mm)

Weight: about 3000kg
