

# PSW-ECO

**Advantage Machinery**™

## Economic Pallet Stretch Wrapper with Power Pre-Stretch

The PSW-ECO is a heavy duty stretch wrapper suitable for high volume production applications. Its state of the art PLC will allow user to expect efficiency and consistency in every wrap. Independent programming for number of wraps on top and bottom of pallet, speed control for turntable and film carriage. The Power Pre-Stretch mechanism will allow users to obtain maximum film savings (250% mechanical pre-stretch).

The PSW-ECO includes sensors to detect pallet height. Loading ramp, extended mast, large diameter turn tables and built in scale options available.

Model	PSW-ECO
Max. Turntable Speed (RPM)	12
Turntable Diameter (in)	59
Mast Height / Pallet Height (in)	94 / 86
Max. Pallet Weight (Lb.)	4000
Power (Volt./ Ph./ Amps)	110/ 1/ 9
Weight (Lb.)	1700
