

Multi Lane Liquid Packing Machine, Liquid Stick Pack Machine LD 280BY/560BY

Application:

Suitable To Pack Liquid Product Or Paste Materials, Such As Shampoo, Ketchup, Jelly, Sauce, Etc.

Kindly Reminder:

We have experienced team of R & D engineers who can customize packaging solutions according to your product characteristics.

Description:

- Multi lanes machine can produce multi lanes bags at same time.
- Machine main function: automatic split film at right position, liquid measuring and filling, multi lanes bag form fill seal, cutting, sensor tracking, counting capacity.
- Other function: Emergency stop, set capacity to auto stop machine, count capacity and Zero the count, ready bag output, manual test machine each step etc.
- Stainless steel contact part and the machine outer shell, high feature for liquid running environment.
- High precision photocell sensor for auto tracking the eye mark printing on the film roll, so cut each bag at precisely position.
- PLC controller, high function and control the whole machine's work steps.
