

Automatic Stick Chocolate Paste Packing Machine with Function Filling, Sealing, Wrapping SUN-320L

This Liquid Packing Machine is suitable for Liquid and Paste products such as juice, sauce, oil, shampoo, honey, ketchup, butter, mustard, water, milk, jam, Salad Dressing, Mayonnaise etc.

Functions:

1. Adopt Delta/Siemens PLC or Microcomputer controller and touchable screen, Chinese and English surface.
2. Equipped with Schneider frequency converter, just input number to change the whole speed, easy for operation.
3. Use double heating tubes to guarantee stable temperature and perfect sealing surface, intelligent temperature controller, and stable color mark tracking system, increase the cutting precision.
4. All the work of bag making, measuring, filling, sealing, cutting, counting, heat-printing codes can be done automatically.

Technical Characteristics:

Jam Packing Machine SUN-320L	Packing Speed	5-700 Bags/Min
	Volume	800ML
	Bag Width	50-150 MM
	Bag Length	200 MM
Packaging Film	Max Width	320 MM
	Thickness	0.04-0.09 MM
	Material	OPP/CPP OPP/PE MST/PE/PET/PE
Jam Packing Machine SUN-320L	Weight	350Kg
	Air Consumption	0.3Mpa 0.3m ³ /Min
	Power Supply	1.2Kw 220V 50Hz
	Dimension LxWxH	1170x820x1285MM
