

AS2000P Automatic Liquid Packaging Machine

Details:

- Automatically finish the processes of pouch forming, filling, sealing, cutting, date printing for pillow pouch packaging.
- Two types suit for single layer PE film and laminated films.
- PLC controller and A pattern calibration photoelectric control device, ensure the patterns will be complete and beautiful.
- Quantitative piston pump filling ensure packaging volume can be adjusted within accurate rang
- PLC Control, optical tracking, a perfect pattern

Technical Data:

Model	AS2000P
Capacity	1300bags/hour
Volume	200ml-1000ml
Power	220v/380v 1.8kw
Film width	320mm/240mm
Weight	500kgs
Size	1050×870×2100mm
