

Electronic Weighing Tea Bag Packaging Machine FM03BF

Feature:

1. Using electronic weighing.
2. Using microcomputer controller, stepper motor to control bag length, intelligent temperature controller.
3. Automatic metering-unloading-bagmaking-sealing-cutting-counting-product transporting.
4. Shut down automatically when no material.

Technical Parlsment:

Model	FM03BF
Bag size	Width:100-420mm
	Length:100-280mm
Measuring range	50-100g
	100-1000g
Motor Power	2.0 kw, single phase 220V
Machine size (L*W*H)	1500*1000*2000mm
Machine Weight	500Kg
