

Link-50S Semi-automatic Side Sealer With Top And Bottom Belt Drive

Link-50S side carton sealing machine is driven by belts on both sides, adopts sticky tape to seal, seals the left and right sides, fast and stable, and the sealing effect is smooth, standardized and beautiful, and the width and height can be adjusted manually according to the carton specifications, which is simple, Fast, convenient and can replace labor, improve production efficiency by up to 80%, save 5-10% of consumables, is a good choice for enterprises to save costs, improve production efficiency, and achieve packaging standardization. The side carton sealing machine is also called the side carton sealing machine. It is manually adjusted according to the size of the carton. If it is necessary to automatically identify and adjust the size of the carton, it is recommended to use a fully automatic carton sealing machine (automatic adjustment).

Features of carton sealing machine:

- Manufactured with international advanced technology, and selected imported parts and electrical components;
- The height of the standard machine table is 600mm. According to the specifications of the carton, manually adjust the width and height;
- Suitable for shorter and wider cartons;
- Equipped with blade guard. Avoid accidental stabbing during operation;
- Manually fold the two side covers, and seal the box with the word "one" on the left and right;
- It can be operated on a stand-alone machine, or it can be used in conjunction with an automated packaging line. It is the choice for enterprises to save costs, improve production efficiency, and achieve packaging standardization.

Application range of sealing machine:

Relying on the above advantages, the side sealing machine is widely used in food, medicine, beverage, tobacco, daily chemical, hardware, toys, electronics and other industries at home and abroad.

Technical Parameters:

Model	Link-50S
Applicable to the power supply	220 v / 50 hz / 0.2 KW
Minimum packing size	L150*W225*H100mm
Maximum packing size	L unlimited *W400*H400mm
Mesa height	H600-650mm (adjustable)
The belt speed	20 m/min
Packing tape	Brown paper tape, BOPP tape
Tape size	W48, 60mm
Installation dimensions	L845*W1361*1340mm
The net weight	145Kg
