## *ZS-GF900C Rotary Water Milk Cup Liquid Coffee Capsule Filling Sealing Machine*

This rotary coffee capsule-filling machine can feed cup, fill powder, seal cup cover automatically at the same time. The filling speed and sealing temperature can be controlled easily, and we can customized this machine to make it suitable for your products according to the diameter of the container.

**Technical Parameters:**

Model :	ZS-GF900C
Voltage :	220V or 380V
Power :	1200W
Output :	About 600-800cups/h
Filling accuracy :	≤ 0.5%
Temperature :	0-400°C
Sealing material :	PP / PE / PET
Dimension :	1000*1000*1500mm
Weight :	350kg
