

ASS Semi-automatic Aerosol Sealing Machine

ASS semi automatic aerosol sealing machine is suitable for the production of insecticide, air freshener, bakery mould release spray, paint spray and cosmetic spray etc.

ASS semi automatic aerosol sealing machine consists of sprayed carbon steel frame and stainless steel machine parts. It's with crimping head and full air driven control system included.

ASS semi automatic aerosol sealing machine requires only 1 worker to operate. Crimping head is controlled by foot pedal for sealing.

ASS semi automatic aerosol sealing machine has both 6 blades crimping head and 8 blades crimping head per customer's specification. High accuracy, working speed and stability are guaranteed.

ASS semi automatic aerosol sealing machine is a set of simple structure, easy maintenance machine. The maximum output rate could reach 25 cans/min.

Technical Parameters

Model	ASS
Applicable valve size	1"
Applicable can height	50-330mm
Production capacity	1500 cans/hr
Air source	0.6Mpa-0.8Mpa clean and stable air source
Suitable bottle diameter	φ40mm-φ140mm
Suitable cap diameter	φ20mm-φ70mm
Weight	about 250kg
Dimension(L×W×H)	900×500×1500
