

SH-FS240L Automatic Piston Pump Paste One-time Conditioner Detergent Lotion Sachet VFFS Filling Sealing Machine

Main Feature

- ▶ Designed for round corner & back side sealing, sealing pattern can be customized as needed.
- ▶ Servo motor controls packaging film pulling, it has high packaging accuracy and working capacity.
- ▶ Controlled by piston pump, is more powerful to fill thicker liquid.
- ▶ Has high packaging speed, 25-40 bags/min.

Parameter

- Machine voltage: 110/220V 50-60HZ
- Power: 2.5KW
- Metering method: Piston pump
- Packaging form: Round corner & back side sealing (can be customized)
- Dosage range: 1-100ml (can be customized)
- Hopper size: 30L
- Bag size: length 40-200mm; bag width 20-110mm
- Packaging speed: 25-40 bags/minute (depending on the actual material)
- Dimensions: L850*W960*H2100 mm
- Machine weight: 300KG
