

DZF-1 Automatic Digital Auger Spice Chili Milk Dry Powder Filling for Bottles Jars

The DZF-1 Automatic Digital Auger Filler is a high-precision automatic filling machine designed for powder and granular materials. Featuring advanced digital control and servo motor technology, it is widely used for automatic weighing and packaging of spices, seasonings, milk powder, coffee powder, starch, and more. It helps businesses automate packaging processes, improving production efficiency and product consistency.

Technical Parameters

Model	DZF-1	DZF-2	DZPF-1
Output(bottles/min)	0-30	0-50	0-30
Filling accuracy	±1%		
Filling range	5-1000g		
Power	1.5Kw	3KW	3KW
Bottle dia.	20-100mm	/	/
bottle height	20-200mm	/	/
Filling head	1	2	1
Dimension(mm)	2000*900*1950	2500*1100*1950	2000*900*1950
Weight	200Kg	600Kg	450Kg
