

Automatic Self Adhesive Vertical Labeling Machine GASAL-150

The Automatic Vertical Sticker Labeling Machine GASAL-150 is one of the most users friendly. The machine is used for full/partial wrap around labeling on different size of round container. It is capable of labeling up to 150 containers per minutes depending on products and label size. The automatic model is equipped with roller spacing device resulting in a simple to “No change parts required”.

Operation:

The round containers positioned & accurate spacing between two containers by the roller spacing device for wrap-around operation at the operation at the labeling point, an electronics product sensor sense container & relies a label from self adhesive label roll. If machine is equipped with batch printing device in that case batch printing device prints the batch no. & other matter on label during label is stationary means time between sensing of two label. The sensed round container moves on conveyor sticker label at labeling point wrapped around to container. Then the labeled container moves further through a rubber pressing belt & stationary rubber pad that ensures neat & perfect fixing of label.

Technical Specifications:

Model		GASAL-150
Direction of Movement		Left to Right
Output/Hour*		3600 to 9000 Nos.
Electrical Specification**	Conveyor Motor	0.50 HP, 415 Volts, 50 Hz
	Pressing device motor	0.25 HP, 220 Volts, 50 Hz
	Sticker Roll Stepper motor	6V DC

* Depending on the size of container & label size. ** We can supply as per customer requirements.

Salient Features:

- High Production Speeds.
- Stainless steel 304 construction.
- GMP design.
- Accurate label placement.
- Full Security Package including counter.
- PLC touch screen system.
- Product data storage facility.
- No change parts requirements.
- Very less down time for change over.
- Suitable for Glass, Plastic, Pet, Tin, Corrugated containers.
