

Vibro Sifter Machine

Crevice free GMP design; Super tight finish; Bio safe Toxicology Tested; Calibrated & Certified as per International Standards.; Available in S.S 316 and S.S. 304 Quality; Available in sizes ranging from 30 mm dia to 1220 mm dia.; Import Substitute Designs; Wire Mesh sizes available from 2# to 600 # as per all International Standards.;

Innovative Features:

Available in various models providing screening diameter of 12", 20", 30", 36", 48".

Portable and compact.

Electric power requirement less than other machine of the kind in the industries & lower energy consumption compared to reciprocating vibratory system.

Standard machine are with TEFC motor explosion proof / flame proof motor material (Optional) SS 316/ SS 304 quality contact parts.

Special requirement like brushing arrangements, SS lid with charging port and spring loaded outlets.

Wide range of screen sizes 4-600 Mesh

Double & Triple deck screens with outlet and hopper for bottom deck available on request.
