

BLM100 Plastic Ampoule Labeling Machine

It is special for plastic ampoule labeling, it will contact with plastic ampoule filling sealing machine make a linked production line.

Technical parameter:

Model:	BLM-100
Labeling speed	40-120/min (related machine label size and material)
Labeling accuracy	+1.0mm%(not include the size of marerial and label +1.0mm%)
Material size	(L)20-300(W)20-300(H)15-250mm
Label size	(L)20-300(W)20-140mm
Inner diameter of universal label roll	Φ76mm
Out deiameter of universal label roll	Max Φ350mm
Total dimension	2000x600x1800mm
Voltage	AC 220V 50HZ/60HZ 800W
