For example, Glue, the injection, syringe, toy car, flash light, spark plug, toothbrush, lipstick, facial mask, chopstick, shaver, correction fluid, ball-pen, medicine and so on.

Main Technical Data:

MODEL:	AT-500
Blanking frequency (Cutting/min):	10-25
Sheet's quantity of one blanking (sheets):	1-4
Capacity (pages/hour):	3000
Adjustable scope of feed travel: (mm)	30-280
Max Forming area and depth (mm)	470×220×30
Forming and Heating Power(up and down):	2.2KW(×2)
Power supply:	380V AC, 50 Hz, Three Phase
Total Power	11Kw
Wrapper specification (mm): PVC Film	Max.0.25(0.18-0.5) ×500mm
Paper Card	Max.500×230×0.5mm
Weight (kg):	2600Kg
