

## ***Multi Track Side Sealing Bag Disinfectant Liquid Sachet Packing Machine LD-480Y/720Y/960Y***

### **Application:**

Suitable for many kinds of liquid products, such as shampoo, ketchup, honey, sauce, oil, paste, ice candy, etc.

### **Kindly Reminder:**

We have experienced team of R & D engineers who can customize packaging solutions according to your product characteristics.

### **Description:**

- Multi lanes machine can produce multi lanes bags at same time.
- Machine main function: automatic split film at right position, liquid measuring and filling, multi lanes bag form fill seal, cutting, sensor tracking, counting capacity.
- Other function: Emergency stop, set capacity to auto stop machine, count capacity and Zero the count, ready bag output, manual test machine each step etc.
- Stainless steel contact part and the machine outer shell, high feature for liquid running environment.
- High precision photocell sensor for auto tracking the eye mark printing on the film roll, so cut each bag at precisely position.
- PLC controller, high function and control the whole machine's work steps.

**Parameter:**

<b>Model</b>	<b>LD-480Y</b>	<b>LD-720Y</b>	<b>LD-960Y</b>
<b>Track Number</b>	4~6 Track	4~10 Track	4~12 Track
<b>Filling Method</b>	1.Piston pump; 2.Peristaltic Pump		
<b>Capacity</b>	Max.40 cycle/min		
<b>Sachet Size</b>	L:45--120mm; W:35-60mm	L:45--120mm; W:35-90mm	L:45--120mm; W:35-120mm
<b>Film Width &amp; Thickness</b>	Max.480mm;0.07-0.1m	Max.720mm;0.07-0.1m	Max.960mm;0.07-0.1m
<b>Sealing Type</b>	4 sides sealing	4 sides sealing	4 sides sealing
<b>Cutting Type</b>	1. Straight Cutting; 2. Zig Zag Cutting; 3. Continuous Cutting		
<b>Air &amp; Power</b>	0.8 mpa 0.8m <sup>3</sup> /min; 2.8 kw	0.8 mpa 0.8m <sup>3</sup> /min; 4.1 kw	0.8 mpa 0.8m <sup>3</sup> /min; 5.5 kw
<b>DIM &amp; WT</b>	950*1470*1750mm; 300kg	1153*1654*1750mm; 400kg	1415*1686*2130mm; 500kg
