

CM-R Series Pneumatic Extrusion Blow Molding Machine

This machine is mainly suitable for plastic package with being blown up from side, such as the plastic bottles for ice lolly, popsicle, or frozen bar. The main character of this machine is its simplicity & stability of operation. It has been famous for its excellent performance, low maintenance ratio, less consumption of electricity & low noise.

Specifications:

Model		CM-90EH
Equipment Composition		6 working position blow molding machine with 45mm extruder
Max. Volume of the Product	ml	70
Mold Dimension (L*W*H)	mm	24:1
Production Capacity		15~65
Appearance Dimension (L*W*H)	mm	75
