

Candy Automatic Vertical Packing Machine HTL-420C

Description:

Full Automatic Vertical Packaging Machine with 10 Head Weighed (VFFS)

This vertical packaging machine can be used to pack various solid and granule material: such as beans, puffed food, pet food, potato chips, dates, pistachios, rice, raisins, candy, peanuts, jelly, candied fruit, walnut, almonds, meat balls, sugar, salt, biscuits, frozen dumplings, chocolate etc.

This vertical packaging machine conforms to the food processing machinery's sanitation standard. On the machine, the spare part which contacts the material and pouch conforms to the standard of food sanitation request on material processing, food health and security guarantee.

It's fully automated operation, is improved and the production of a kind of high quality, high performance automatic packaging machine, complete automatic feeding, measuring, bag-making, deviation, filling, sealing, date printing and finished product output and a series of automatic functions.

1. Sever motor (Panasonic / Japan) drawing film, the tension membrane more accurate, faster, more accurate measurement.
2. PLC computer system (Panasonic / Japan), function is more stable, adjust it with any parameters.
3. Touch Screen (WEINVIEW / Taiwan): Chinese & English touch screen display, intuitive and simple operation.
4. Independent temperature control system, the precision can be up to ± 1 degrees.
5. Horizontal and vertical sealing temperature control independently, suitable for all kinds of composite film, PE film packaging materials, etc.
6. Packaging style diversified, back sealing, gusset bag, continuous bags, punching, block bottom bag etc.
7. Simple and fast bag size changeover without tools.
8. Compact small size design, small footprint.
9. Easy to maintain-low maintenance.
10. Work environment quiet, low noise, saving energy.

Application:

Except for kinds of chocolate , this machine also suit for the materials below:

Pouch Drawing & Samples:

Machine Function:

Model	HTL-420C
Packing Speed	15-70 bags/min
Bag-making Size	(L)80-300mm, (W)80-200mm
Filling range	10-2000g
Film width	180-420mm
Max. Film Diameter	350mm
Packing Material	OPP/CPP PET/PE PET-AL/PE composite material
Film thickness	0.04-0.08mm
Air Consumption	0.36m ³ /min 0.6MPa
Power Supply	AC220V 50/60Hz 3.5kw
Machine Dimensions	(L)3500×(W)2500×(H)3700mm
Machine weight	1600kg
